

HOW WE MEASURE UP

- We guarantee our employees and never send out an individual who isn't qualified for the job.
- All applicants are E-verified and checked against the sex offender registry.
- We verify our applicant's employment references and perform credit and criminal background checks. We also do in-house drug screening to speed up the process.
- We follow up with our employees and our clients on a regular basis to ensure their ultimate satisfaction.
- The Companies of DES utilize our CARE personality test:
 - C – Character
 - A – Aptitude
 - R – Responsibility
 - E – Enthusiasm
- We have temporary and permanent employees: full and part time.
- We require all employees to attend an orientation process consisting of people skills, health and safety.
- We develop a business partnership that promotes an environment that is conducive to and encourages immediate feedback from client to employees.
